

“Family Honor has been one of the greatest blessings I have received.”

“I was involved with Family Honor for several years when I was a teenager. After going through the program with my brothers and father, I decided to become a Teen Presenter for Family Honor ... this was one of the best decisions I have ever made. Being involved with Family Honor not only helped me understand the importance of chastity and the dignity of our sexuality, but it also gave me the courage to stand up for what is right even when it is not popular. Thanks to Family Honor, I had the courage to stand up for life as I restarted my college’s pro-life group and kindled my passion for the pro-life movement. I am now fortunate enough to be working full-time in the pro-life

movement as Students for Life of America’s Southeast Regional Coordinator. Every day I work with the students of the Carolinas, Georgia, and Florida to help them stand up for the dignity of life and build up the pro-life movement on their campuses. I can say for certain that if I was not involved with Family Honor then I would not have had the courage to stand up for life and embark in career in the pro-life movement. Without a doubt, Family Honor has been one of the greatest blessings I have received.”

“This class has better formed my conscience, my understanding, and my capability to explain.”

“I am a junior in High School, and I don’t want to be ... another “sheep”. I am not willing to follow the herd without asking questions. This [Family Honor] class has provided answers for questions I have had about sexuality, love, and family ... I feel that through this class I have come to understand that knowledge is responsibility. Having knowledge of true sexuality provides a responsibility to share that information, and it gives me the responsibility to live my life with virtue, order, and purity ... this class has impacted my life by impacting my mind and heart ... [it] has better formed my conscience, my understanding, and my capability to explain. I have to readjust my life to these new gifts. From the bottom of my heart: Thank you to all of the teachers, tech support, and anyone who contributed to the making of this class. Thank you for all the prayers, and thank you for offering such a wonderful pro-

gram. The Lord smiles upon you for your good works, and I am blessed to have taken part in this class. I know that I still have a long way to go ...but this class has taught me so much. My foundation for understanding and teaching sexuality, love, and family has become so much stronger.” “Do not be afraid. Do not be satisfied with mediocrity. Put out into the deep and let down your nets for a catch.” - Saint Pope John Paul II
